## Manitoba Hoping For Overall Pact

WINNIPEG, (CP)—Manitoba would go to any lengths to reach an overall agreement between the dominion and the provinces. Premier Chamberlain told the Manitoba Municipalities Thursday, "This agreement would supersede the revenue-sharing pact which he said was far from perfect. "Certainly it's no fault of ours

we haven't reached it yet.

Meanwhile we can't understand why Manitoba, Saskatchewan and New Brunswick have been left out of the finance wrangle while other provinces are included in the arrangement," he added.

He called on the provincial government to review the method of fixing equalized assessments so that each province gets a more equitable share of such services as education and hospitals.

### Job Restrictions Relaxed in Britain

LONDON, (Reuters)—British civil servants will be allowed to take the essential work days which restrain their freedom to leave their jobs from the beginning of next February, Labor Minister Isaac said in the House of Commons.

Application of the order to certain building, civil engineering and agricultural workers will cease Jan. 1, he added.

### HEADACHES EVERY DAY? YOU NEED MORE LIVER BILE

Science says two  
plate fulls, yet many  
only get relief!  
  
Liver bile helps digest your  
food and prevents constipation.  
It contains a liver tonic, balsamic,  
emulsification, loss of energy. For  
plowing health back up your liver and get  
relief from headaches, indigestion, loss of energy.  
Made from fresh and ripe  
liver tablets. Made from fruits and herbs.

cooking

### Heinz Condensed Beef Noodle Soup

You'll find the goodness  
and delightful old-fashioned  
taste of Heinz Beef Noodle  
Soup. It's a special soup  
creation. Rich, nourishing  
and delicious, it's the best  
egg noodles—fit for any  
occasion. Cooked the small-  
batch way.

### HOW TO Remove Dandruff COMPLETELY

1. Apply FITCH'S directly from bottle onto the hair and scalp before any water is added. Make sure all scales are removed. Turn shampoo reaches each part of scalp.

2. Add water gradually, continuing to massage the shampoo. Remove the cleanse lather as it forms. Then continue to add water and massage until the soap is gone.

3. Rinse thoroughly with clear water. Gooe fits is completely soluble, no after-shampoo is required. Turn hair and dry.

Fitch's Dandruff Remover Shampoo is the only shampoo made with guarantees to remove dandruff with the first application has the backing of one of the world's largest insurance firms. Enjoy Fitch's dandruff-free hair! Ask for an economical bottle of Fitch's at your local drugstore or have professional applications at your hairdresser's shop.

After and before Fitch shampoos you can keep your hair shiny and manageable by using a few drops of Fitch's Extra Hair Tonic every day. Fitch's Extra Hair Tonic is not sticky or greasy, yet it gives your hair that soft-groomed look.

### Mother Hears Soldier Son's Voice from the "Dead"

Tears of happiness stream down the face of Mrs. Joseph De Bartolo, of Squantum, Mass., as she hears the voice of her son.

Michael, 26, speaking by trans-  
lator, the serviceman said his  
mind went blank on the eve of  
the Battle of Cassino in 1944.  
With Mrs. De Bartolo is another  
son, Joseph, Jr., 11.

### Say Spending Boom Continues; Retail Sales Up 11 Percent

OTTAWA, (CP)—Heavy spending  
is continuing in Canada and as  
yet there is no sign of any let-up.

A Dominion Bureau of statistics  
report on retail sales last week indicated that spending is increasing,  
possibly as a result of more  
comfortable living conditions.

Prices board officials said the report  
indicated average weekly sales were  
up 11 percent in what Canadians  
were doing with their money.

"I was conscience-wracked," he  
told Warden M. Millman, and he  
had to make a crazy notion.

He gave up his job as a police  
constable and became a cook in a  
military mess hall.

A source in close touch with the  
situation said the man had been  
doing well and was still spending  
heavily.

A government official said that  
while Canadians were spending a  
lot on luxury goods they were  
also spending heavily for entertainment purposes.

For example, latest figures showed the apparent consumption of  
alcoholic beverages was 50 per cent  
higher than in 1945.

Despite the expenditures, a chartered bank statement showed savings  
up 11 percent in October.

At Sept. 31 the savings on deposit  
in all Canadian banks amounted to  
\$463,711,000 at Aug. 31 and \$252,924,  
845,000 at Sept. 30, 1945.

A report of the Bank of Canada  
Savings Board showed that Canadi-  
ans purchased close to \$500,000,  
000 worth of bonds and stocks during  
the issues went on.

The latest statistics report  
indicated that in September Cana-  
dians purchased more of just about  
every item of retail goods. Total  
retail sales generally were 11 percent  
higher, but shoe sales were down  
two percent.

The Christmas season is expected  
to bring a marked increase in retail  
sales and of spending generally.

### Berates 'Influence' Of Liquor Firms

OTTAWA, (CP)—Rev. John Co-  
burn of Toronto, general secretary of  
the National Council of the Church-  
es, in an address before the federa-  
tion Wednesday charged that in-  
fluence of liquor firms and political parties  
threatens the integrity of public  
life in Canada.

He called for "complete reorganiza-  
tion of temperance forces" in Canada  
and the "uniting of temperance  
corporations—the greatest menace  
of all to temperance."

Principial reports were presented  
by Rev. D. B. Sharling, Winnipeg;

Rev. C. E. Lippard, Alberta; and  
Rev. Dr. R. J. McIlroy, Vancouver.

Mr. Co-burn said the \$100,000  
liquor profit last year in Alberta,

Mr. Lippard said none had been  
produced for the province had been  
directly aimed at helping him, but  
not although Prof. Mann

"did not take a drink" the premises  
claimed influence over him and  
opposite opinions into force in a de-  
mocratic government.

On the basis of net supplies avail-  
able per grain-eating animal  
of 100,000 bushels, the per capita  
use for this year is only slightly above  
that of 1945, which was 1.04 bushels.

Any further addition to feed grain  
supplies anticipated through feed  
grain imports or carry-over stocks or less  
offset by carry-over stocks of feed  
at July 31, 1947.

500,000 Bushels  
Left in Montreal

MONTREAL, (CP)—About 550,  
000 bushels of export wheat will  
be left in Montreal grain elevators after  
the last ocean shipload arrives

early next year, in December, if  
present estimates are correct.

Wheat sent to Europe by the  
Soviet is expected to be 30,000 bush-  
els at Quebec and 30,000 bushels each

at Montreal and Quebec.

# SPORTS

HAROLD DEAN, Sports Editor

**DON STANLEY** is THE LATEST player to enter the casualty ward of the Edmonton Flyers. Don's face was cut quite badly during last night's practice session and late reports indicated he might not be able to take part in Saturday's game against lethbridge.

Emile Kreller is expected to resume his position in the lineup for the Edmonton seniors and Johnny Black also seems ready to return. Alex Pringle has been indulging in light work at the office.

The balance of the Flyer roster, barring Freddy Smither, was intact last night and anxious to commence operations on the Maple Leaf. Saturday's game happens to be the rubber piece on Edmonton ice for these clubs and it looks as if a merry battle will be staged for those two very precious points.

## Goodacre and Lucchini Get 5 Points Each

Bob Goodacre and Leo Lucchini, a pair of goal-hungry whangs who flank centre Doug Anderson on Canadian's high-scoring line, last night boosted their already healthy scoring averages by one point apiece. In the 7-4 City Hockey League game over New Method at the Arena.

The pair with five goals each — Goodacre with two goals and three assists, Lucchini with three and two assists — figured in all but one Canadian goal in the score-settling overtime period.

Both Meno and Red Hammond, with the help of Harry Allen, were the scoring leaders when points-pushing was being served at last night's City Hockey League game. Lucchini attends Guelph high and Goodacre is a student at V.P.

Both Leo and Bob collected five points — Leo's including three goals and Bob's three assists. Goodacre, who had been tied with Harry Allen for the scoring lead, forged ahead of him and now tops the list with 15. Allen didn't move and is in the lead for second place with a pair of assists and is tied with Murphy and with 12, also.

Doug Anderson, who centres the hot Canadian line, stayed close to his linemates by picking up two assists and is tied for fourth place in the junior standings with Bill Davey, of New Method. Bill also had a whale of a night, scoring three of his club's goals and helping in the fourth. Both have nine points, one more than Bob Gray of Canadians Eddie Thomas and Ron Matthews, also of Canadians, are deadlocked for sixth place with seven.

## Paul Bailey Leading Jockey

**PAUL BAILEY** WAS THE LEADING ringer on Prairie Thoroughbred Breeders and Racing Association tracks in 1946. Bailey, now riding in California, had 231 mounts, turning in 61 wins, 48 places and 33 shows, for a percentage of .26.

Roy Russell, veteran western Canadian jockey, was second with 59 firsts, 45 seconds and 53 thirds out of 280 mounts, which gave him an average of .21. Vic Bovine finished with an average of .23, with 27 firsts, 27 seconds and 19 shows but he had only 125 mounts.

Second best in the nation was Charlie Ulrich, who had 150 firsts, 55 seconds, came second in 62 races and third 50 times for an average of .18. Charlie Ulrich picked up 30 wins from 238 mounts and he also came second 28 times and was third 29. J. Sundquist, Roy Nielsen, E.J. Johnson, C. Warman and Nick Clark were next in that order. Red McKenzie, Edmonton jockey had 15 wins, 5 seconds and 12 thirds from 82 mounts for a percentage of .18.

## Barons Sign Jack Davies

**JACK DAVIES**, 16-year-old defenceman with Capitals, junior entry in the City Hockey League, has been signed by Cleo and Barons and will go for a tryout with that club next fall. That is Jack's first year in junior, having played both Juvenile and mid with Canadian Athletic Club.

J.A. Hillier, 80-year-old member of the Hillier-Bradby Co. died yesterday. It was his firm, of course, which developed the famous "Louisville Slugger" bat — the pride of every youngster who owned one, for several decades now.

U.S. Open, the Saskatoon 100 ranks entries and the Saskatooons' new records of their own seem to be the best news. Bad Crabs were hoping would be filling a defenseless early next month, may not be available after all. Craig is said to have thrown in his lot with one of the Winnipeg senior clubs.

## Amateur Union Holds 1st Meeting Since '39

**MONTRÉAL**, Nov. 29 (CP) — The 59th annual meeting of the Amateur Athletic Union of Canada — first since 1939 — opened yesterday Thursday with more than 50 delegates from AAU branches throughout Canada attending the two-day sessions.

In his presidential address, G. S. Haler of Winnipeg reported that the annual meeting in 1939 certain branches and the main purpose of the body no longer exists. The meeting was to reorganize for a new era, whatever to reconstitute," he said.

"I am certain that this union need not be so great concern about its future, with such a strong record."

**FOLLOWING** A. U. A. U. C. meeting today the Canadian Olympic Association will be asked to draw up plans for Canadian participation in the 1948 Olympic games at London.

Delegates attending yesterday meeting included: Ken Yost and Mrs. Lilian Coo of Winnipeg; Alta E. R. Kempson, Fort William; Ottie Clark, Vancouver.

# Canadians Score 7 To Beat New Method

As Source of Revenue

## BRITAIN MAY AGAIN TRY TAX HORSE RACING BETS

LONDON, Nov. 29 (CP) — Economist Hugh Dalton is stretching a tentative finger toward the horse and greyhound racing tracks as a source of new revenue to help balance Britain's budget.

Chairman of the Exchequer is toying with the idea of a tax on betting if he decides to try one, probably it will be staged in next April's budget.

WINSTON CHURCHILL TRIED ABOUT 20 years ago but had to abandon it because of its high cost.

Churchill, who was working at the trucks and football pools, now a multi-million dollar business, was just starting.

While Churchill had to get his revenue from the bookies, Dalton's proposal would have no effect on collecting what-ever share he like of the race and the pools.

Even a five-percent tax would yield something like \$25,000,000 (\$100,000,000)—enough, perhaps, to permit some reduction in the country's staggering income tax.

## Murphy Attempting Organize Pucksters

BOSTON, Nov. 29 (CP) — Robert Murphy, American Baseball Guild head who has been unsuccessful in efforts to unite major league baseball players, was yesterday in Boston to make his initial move to organize professional hockey players.

The Boston Globe said Murphy met with several members of New York Rangers when they arrived Monday.

Murphy, 34, a former player, is the first to put forward a plan to organize professional hockey players.

THE PAPER said he outlined his program, asked the players to sign a petition and presented them to the men before they returned here Wednesday, Dec. 2.

Murphy, who has been calling for organizing the scoring at 5:06 of the initial period when he fired a screen shot past McLean.

McLean, who was the first to score in the fifth minute stretch, added to the excitement of the game.

CANADA'S first team had been in building up a nice first period lead that later proved highly predictable in their victory.

Murphy, who has been calling for organizing the scoring at 5:06 of the initial period when he fired a screen shot past McLean.

McLean, who was the first to score in the fifth minute stretch, added to the excitement of the game.

ADDING TO THE reforms which the hockey players seek are higher salaries, a pension plan and a more generous vacation.

Adding Reise's seven minutes major and minor—the total of 29 minutes—would be a good start.

"THIS IS NOT the first running of pro hockey ranks," said Murphy. "Dealers were very outspoken on their criticism of the players' remuneration a year ago and claimed they were in favor of a pension plan.

The Detroit players, however, are not particularly interested in pension plans.

ANDRE REISE, 29, of the Rangers' first visit Oct. 29, one of the Rangers' veterans squawked about the small compensation paid to him.

"I wish that Murphy guy would come around to organize to help us," he said.

ON THE RANGERS' first visit Oct. 29, one of the Rangers' veterans squawked about the small compensation paid to him.

"I wish that Murphy guy would come around to organize to help us," he said.

CAMPBELL SEES NO REASONS TO UNIONIZE

DETROIT, Nov. 29 (CP) — Captain Clarence Campbell of the National Hockey League Thursday night told a meeting of the Canadian and Indianapolis Capitals of the American Hockey League.

CAMPBELL, 35, of the Rangers and Tony Lacari left the Detroit farm club after last night's game with New Haven to join the Wings in Montreal, Quebec, yesterday, said Hockies Les Douglas and Jerry Couture, he added will rejoin the Rangers.

Conditions are not satisfactory, the players, individually or collectively, can make their grievances known to me and we will settle things amicably," said Mr. Murphy, secretary of Mr. Murphy or anybody else.

"Bear in mind the length of the season," said Campbell, "and in any sport except professional football, where players are paid as high as \$10,000 a year as a hockey player point out it is on a per-game basis that receipts are obtained.

Hockey player's working day is much simpler, for instance, than that of a baseball player who plays a total of six to eight hours almost every day in the week."

## Johnny Longden Still Peer of U.S. Turf

By Alan Randal

TORONTO, Nov. 29 (CP) — If you'd seen him 18 years ago it would have quite a look in Calgary and he'd been the same slender, long-legged lightweight of today but with this difference: Longden was close to 100 pounds.

HE MAYBE didn't have quite so much muscle in his hands, nor so much track sense, still young Johnny, 28, knew he could do what he wanted to do.

As it turns out that was about all he needed, along with a break in his luck, to become the world's top horse racing bettor.

He's still holding the home today but thinking of retirement soon, his mount having won something like \$600,000.

That's not bad for a man who has a ranch in Vernon, Nev., and hopes to retire there before the end of the year.

Longden's earnings have been upward year after year from \$28,262 in 1938 when his mounts collect-

ed \$600,000.

That's not bad for a man who has a ranch in Vernon, Nev., and hopes to retire there before the end of the year.

## Today's Sport Parade

**NEW YORK.** Nov. 29 (UPI) — The New Year's Day bowl lineups are about completed and it is now clear, as usual, that the Jan. 1 spectacles promise nothing but financial successes and the fact that travel is broadening.

With the mythical national co-champions, Army and Notre Dame, on the sidelines, the road and bowl games are expected to present these games:

**Rose Bowl** — ULCA vs Illinois.

**State Bowl** — North Carolina vs Georgia; Georgia Tech vs. Alta.

**Cotton Bowl** — Arkansas vs Georgia; Georgia Tech vs. Alta.

**Orange Bowl** — Tennessee vs. Alta.

AS DURING the majority of the years in past, the games will prove little or nothing—except disappearance in some cases—but Notre Dame probably could take them all on successive Saturday.

Now the attendant bowls draw a more than normal interest on a big football Saturday during mid-season, but there is no question that the odds are that the winner will run off and hide from the opposition.

The Cotton Bowl game at Dallas would seem a point. Arkansas is a good ball club, having clinched a share of the Southwest title, but you can't overlook the little item that the Razorbacks have been defeated only by Tech as many times as they have been led by the Oklahoma Aggies and the Aggies, well, you haven't exactly been held up.

If Georgia loses to Georgia Tech the Bulldogs, unbeknownst in eight to now, probably will be the Arkansas. This is the question of well-preserved schedules. Georgia to date includes among its wins Atlanta as Tampa, Furman, Florida and Auburn.

This would be a point if it would seem, to take a look at Louisiana State, Mississippi, and two schools which have lost but one game each. Particularly the Bayou team, which has marched against rough opposition week after week.

Georgia Tech, if it wins over Georgia, will be in position for the Sugar Bowl on the basis of a regular schedule to when it has lost only one game. The North Carolinians were beaten by Miami, while the Bayou team has won when you consider it was tied by VPI, lost to Tennessee, and best by one. The team riddled by everybody else.

**THE ROSE BOWL**, 4 course, has sold itself down the river.

For Tennessee, it can't be high head. The Volts take a tough one practically every week.

And Rice, shaded by both LSU and Arkansas, looks like good

**Funk Outfielders Sign Contracts**

**NEW YORK.** Nov. 29 (UPI) — Joe DiMaggio, Charlie Keller and Tony Hirschman, New York Yankees, have been defeated only by Tech as many times as they have been led by the Aggies, well, you haven't exactly been held up.

## Calgary Tornadoes Playing on Saturday

**CALGARY Nov. 29 (CP)**

— Calgary Tornadoes, who haven't played a game since Nov. 2, entered the Vancover International football trophy seeking forward to their sudden death final Saturday with Vancouver Blue Bombers for the western Canada junior football championship.

After defeating Alberta Saskatchewan, Manitoba, and the coast club is the only team which stands in Calgary's way of claiming the title.

**TORNADOES** won what was

classed as a western championship when they defeated Winnipeg 18-16.

Montreal, Victoria, and the

coast club is the only team which stands in Calgary's way of claiming the title.

Commenting on Saturday's game shortly before he left the plane, Coach F. Shee Whelland said the team was in fine condition but out any injuries. Twenty-four players are making trip.

The weather factor took an important aspect for the Bombers club, which has been held up by cold weather on their arrival this morning and did not practice yesterday.

**MORRISVILLE, PA., PARENTS LOSE THREE CHILDREN IN TRAGIC FIRE**

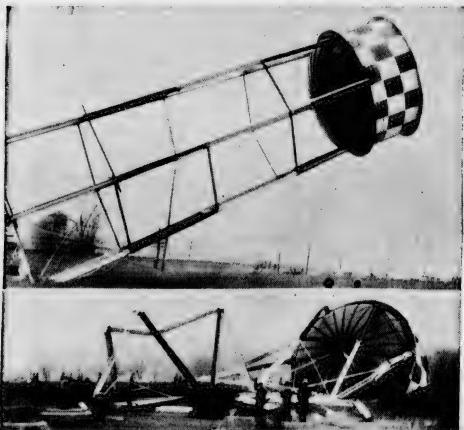

**ANTICIPATING COAL SHORTAGE, WASHINGTON, D. C., ORDERS DIMOUT**

Copyright, 1946, by Acme Newspictures, Inc.

**JUST IN CASE**—If the expected coal famine comes, Adam Cabl, coal miner himself in Marissa, Ill., will have plenty of fuel to warm his home. Here he nears the end of a day's work of wood cutting. Cabl's dog, "Sport," patiently waits for his master to finish.

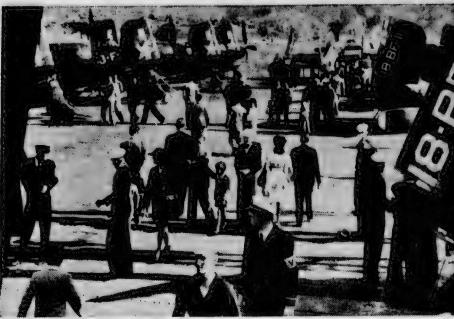

**BEFORE AND AFTER**—A 125-foot water tower topples to the earth at Detroit, above, in the first step toward the scrap pile. In lower photo, the tower lies twisted on the ground. Felled like a tree, the huge structure struck within two inches of spot designated by engineers.

**BEQUEATHED**—Nurse Delores Baumgartner holds month-old baby abandoned in a Fort Wayne, Ind., hotel. A woman, evidently the baby's mother, telephoned the hotel from Crestline, Ohio, saying, "take care of valuables left in room 138."

**FRANKIE TURNS MAESTRO**—Frank Sinatra pauses during interlude in the Columbia studio during recording of his latest album. Marking his first appearance as conductor, "The Voice" is not heard in the series.

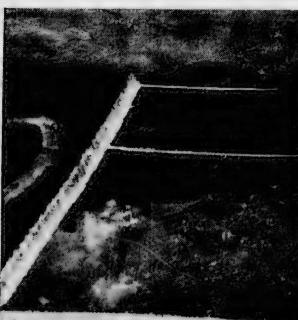

**CHILEANS VISIT U. S. CARRIER**—Thousands of Chileans took advantage of the opportunity to visit a modern U. S. Navy aircraft carrier when the USS Leyte put into Valparaiso Harbor. Here natives of the southern country stroll on the topside of the mammoth ship.

**OLD BEATS THE NEW**—The machine age suffered a set-back in Tokyo at the Ernie Pyle Theater as the centuries-old abacus, operated by Kiyoshi Matsuaki, right, dealt a defeat to an up-to-date electric calculating machine operated by Pvt. Thomas N. Wood of Dearing, Mo.

**UNIMPRESSED**—Apparently not excited about their impending flight, the nine-month-old Beebe twins, Michael and Peter, wait at LaGuardia Field for plane's take-off to Rio de Janeiro.

**SKYWRITERS' CONVENTION**—To eliminate letters fading out before the word is finished, these skywriters mobilized a force of six planes to write the words "Pepsi-Cola" over New York City. Here three of the planes complete the letter "E."

**"BETTY HOOT"**—Mac Queen, who for 15 years has been the "voice" on the sound track for film cartoons, makes her 150th recording in a long career. As a girl Mac appeared in comedies as the "Betty Boop" girl.

**WANTED: ONE APARTMENT**—Charles Henn, Jr., stands at the bedside of his British war wife in Washington, D.C., after being informed by the doctor that their triplets are on the way. Unable to secure an apartment, the Henns have been living with Henn's parents.

**SORROW**—Mr. and Mrs. Mark Daniels talk together after their Morrisville, Pa., home was razed by fire. Three of their small children were burned to death in the tragedy. The youngest baby was six months; the oldest, two years.

**DIMOUT**—Reminiscent of "dimouts" and "brownouts" of war days is this picture of the nation's capitol dome in Washington, D.C. The dimout was ordered to conserve the dwindling coal supply resulting from closed coal mines.

## Antarctic Whales Offer Source of Meat to World

**By H. J. J. Sargent**  
LONDON, ENGLAND.—World shipping companies and naval forces are behind the drive which, with the return of peace, has been resumed to develop the whaling industry in the waters put at great risk by man. The whole fleet of sealing whale factories attending the whale-catching vessels, readying for the date when whale hunting officially begins.

Norway, Britain, South Africa, Australia, New Zealand, Argentina, rated as the chief whaling countries of the world, and the trade is estimated to be worth \$100 million annually to them. This season they are sending a fleet comprising 14 whale catchers and 10 sealing vessels, while whale-catching boats of altogether 300,000 tons gross weight. Three land stations are now open, and a estimated number of men engaged is a minimum of 1,000. The British fleet, consisting of 14 ships, will be Norwegian. Seven of the 14 expeditions will be Norwegian, two Japanese, one Argentine, one Chilean. Of the seven other expeditions four are British, two Japanese and one Dutch.

The Australians and New Zealanders do not possess floating factories, but they have the usual way with catchers and when killed the animals are towed to land stations. In Tasmania, Australia, usually in Tasmania, and in New Zealand, the whalers are disposed of. The Dutch use a land station in the south Shetlands and the Norwegians have a station of their own in one of the remote islands owned by the Union of Caps off the coast of the Cape of Good Hope, south of the Cape.

**For Four Months**  
The Antarctic whaling season lasts four months, from December to March, the summer being the Antarctic winter. At this time the schools of whales travel westward from the Atlantic and Pacific oceans where they have been lost to human beings during the long autumn and winter, from April to November.

This season a great effort is to be made to prepare whale meat for human consumption. Historically the body of the whale was used for industrial use by turning its blubber into oil and the remainder of the meat, which was sold for cattle feed. Last year an Anglo-Norwegian firm of whalers sent 100,000 tons of whale meat as a human food and found the meat was entirely palatable. A few years ago the whale meat was kept on board the whale catcher.

One man who had eaten quantities of this meat told me it tasted like mutton. Others have been careful in making a judicious selection among whales. The younger animals are considered the best meat for the human table. Young whale meat was of a light color and had no taste. It was considered correct in all the various ways applicable to beef and was delicious.

One of the men who had eaten quantities of this meat told me it tasted like mutton. Others have been careful in making a judicious selection among whales. The younger animals are considered the best meat for the human table. Young whale meat was of a light color and had no taste. It was considered correct in all the various ways applicable to beef and was delicious.

**Would Lower Costs**

Also involved in the committee's work is the question of whether the present high cost of obtaining a divorce can be reduced to the range of the average citizen.

With something like 70,000 cases of divorce a year, according to judges, there is widespread support for the Denning committee's recommendations, and many practical suggestions that will cut down the cost of divorce. The committee is seeking help from the public and the law.

The government has endorsed, at least in principle, the recommendations of the committee, and the fact the archbishop has spoken against divorce reform does not seem to alter the government's point of view.

## Soviet Expanding Co-operatives

**MOSCOW, (AP)—**A movement to expand and improve the Soviet Union's system of producers' and consumers' co-operatives, which is becoming one of the most important factors in the external Soviet economy since the war. The element of competition among co-operatives in the state stores is being stressed as being obviously to the consumer's benefit.

Daily messages from all sections

are sent to the co-operatives carrying out the government directive of Nov. 9 by which the co-operatives are to expand their countryside and opening additional outlets for these goods.

**Request Increase Of Sugar Bonus**

**WINNIPEG, (CP)—** Manitoba sugar beet growers have joined the petitioning Finance Minister Tilley to increase this bonus to \$1.50 a ton to \$2.00 a ton in 1947. The requesters, Manitoba sugar beet growers, said the request, if granted, would increase their income by \$100,000,000 to \$150,000 a ton on home-grown sugar beets delivered at processing plants.

This would increase the price to beet growers from the present \$1.00 a ton to \$1.25 a ton in 1947.

**Japan's Unwanted**

A curious situation has arisen over the Japanese who have come to the Arctic to hunt whales. The Japanese have always had a bad reputation for the way they are wasteful in slaughtering whales and they do not keep to any set rules. They kill whatever whales may be killed or on the non-killing of young whales.

Last year the Japanese came from Tokyo that permission had been given to the whalers to hunt in the Antarctic whale fishery. Two Japanese whale factories, it is believed, go to the Arctic. These ships were recent takers owned by the Japanese government.

Representations were at once made in Washington by American authorities in Japan in granting this permission. The Japanese, however, claim against the decision were made by the Australian and New Zealand governments. The Japanese government was informed that the permission given to German, Mexican and Canadian whalers to operate in the Antarctic was of no entity. The Japanese made no representations to the Japanese to meet essential food needs. Japanes who were to go to the Antarctic were to be given permission to go to the Arctic.

The situation is still not quite clear and the latest reports from Australia are that the Japanese may be allowed to hunt in the Antarctic whaling industry in the southern ocean. The Alaskans who take the oil of Japanese whales say that, as long as the Japanese keep to the same rules as the Alaskans, the New Zealand and Australian whaling crews say they will sink any Japanese whaling vessel.

If you buy, never will die—Buy and use Christmas Seal.

**Discuss Shortage Of Farm Labor**  
GALVESTON, TEX.—The labor problem and the advisability of immigration as a solution were discussed at the Texas State Farmers Pool annual meeting here Thursday. J. R. McPhee, secretary of the Texas State Department of Agriculture, led the discussion.

Representatives of the Alberta grain commission also spoke to the afternoon meeting.

## 3 Nations Plan Economic Alliance

**BRUSSELS, (CP)—**One of the outstanding economic developments of the post-war period has been in creation of a customs and economic union among the Netherlands, Belgium and Luxembourg. This first move of its sort on the continent ends the end of the war.

The economic alliance of three small but wealthy countries is a matter of importance in itself, but the formation of the new confederation of Belgian Congo and the Netherlands East Indies will also make it one of the world's important trading areas.

A general secretariat and joint councils have been established to handle the new alliance. The first calls for common foreign customs, tariffs and abolition of all internal taxes will be made by the end of the year.

By early next year the new common tariff should be ready for application and by next November the abolition of all internal taxes should be complete, according to present calculations.

The new organization offers no major difficulty but agricultural co-operation is complicated by the fact that the three countries have a big export of livestock, fruit, vegetables and flowers. This requires some kind of control, but Belgium, also an exporter but dependent on imports, may meet difficulties greater than those of the Netherlands.

There is also a strong rivalry between Belgium and Dutch ports and a wide disparity in excise systems.

This aggressive economic policy for more post-war prosperity was sketched by the governments—in London in September, 1946—but not until last spring, at meetings of the Hague, was the scheme developed and the machinery started.

The scheme now is to be completed in two to seven years to become

an economic alliance.

**Say Banks Control Railroads in U. S.**

**BOSTON, (AP)—**Robert R. Young, chairman of the Chesapeake and Ohio railroad, Thursday asserted he had a compilation of evidence that the banker control of United States railroads and asserted that such a scheme would be better, the railroads in America are headed for insolvency and then bankruptcy.

Writing in the December Atlantic Monthly, Mr. Young asserted he had a compilation of evidence that the banker control of the non-employee directors of solvent railroads are affiliated with "the most powerful banks in the country."

"The dry rot that has come from this pattern of banker control as well as the lack of competition, this elimination of competition in the railroad field, by the lack of independent free enterprise," has brought the largest and most powerful bank in the world to the state where a dollar invested in railroad bonds is an idle dollar in the bank.

"This is fact of apposite significance," said Mr. Young, "since post-war employment prospects and the need for further technological development in the railroad field.

**Russian Railmen Leaving Manchuria**

**NANKING, (AP)—**The Russian embassy Thursday said Soviet emigrants who had been working in Manchuria were leaving for home because of "unbearable conditions" created by the Chinese government, not as the result of a decision reached with the Chinese government.

Mr. Gregg, spokesman for an official Chinese news agency in Nanking, said the repatriation agreement resulted from a Sino-Soviet agreement.

The embassy charged in its sharply-worded statement that the Russian railroad men had been the targets of "hostile anti-Soviet new acts" which took place with the participation of the Chinese army and police at Mukden.

**Reinstate Police In Liquor Raids**

**TACOMA, WASH., (AP)—**After installing 12 police patrols whose badges were lifted for unauthorized use, the Tacoma police public safety commission Thursday promised tighter law enforcement. The commission said the men dismissed would follow future "vigilante type" activities.

Commissioner George Gregg said they could not work efficiently under Police Chief Percy E. Gregg because of the lack of police protection.

It was Mr. Gregg who suggested the patrols, and Gregg and badges after last week-end's official raids.

The commission agreed that a five-man board would hear future complaints against police officers.

The commission also recommended strict action against Mr. Temme if the patrolmen were disciplined.

**Release Estimate Alberta Wheat**

**WINNIPEG, (CP)—**Western Canada will have a wheat crop of 412,611,000 bushels from 25,760,000 acres. It was indicated Thursday in a report released by the North American Wheat Council.

Alberta will have a yield of 144,000 bushels of wheat,

Manitoba 98,000 bushels, Saskatchewan 209,285,300 bushels.

The Alberta figure is 7,000,000 bushels above the 1947 figure and the provincial estimate of 37,000,000.

Man Gets 4 Years**

HALIFAX, (CP)—Douglas Stanley, 21, who stayed a week with an elderly couple whose son broke into their home and stole all their savings, amounting to \$1,000, was sentenced to four years in penitentiary.

## DOCTOR'S WIFE SERVES HOT SOUP "PICK-ME-UP"

"**MY HUSBAND IS CALLED** out at all hours," says this Doctor's wife, "and often misses regular meals. So there's nothing he enjoys more when he comes home tired and hungry than a nice bowl of Aylmer Vegetable Soup."

Yes, the 9 delicious vegetables in Aylmer Vegetable Soup supply needed nourishment quickly. For its crisp consistency, its hearty flavor, its vitamins, it has been loved from field to soup-pot to retain their garden-fresh flavor, and precious vitamins and minerals. With vitamins added to the vegetables, Aylmer Vegetable Soup is almost a meal in itself.

Serve nourishing Aylmer Vegetable Soup often—it's the delicious way to get needed vegetables every day.

Try this tempting recipe—it makes meat go further:

### Braised Steak

—SIMPLIFIED

- 1 pound round steak
- 1 can Aylmer Vegetable Soup
- Seasoned flour
- 1 can of water

Canned Condiments (Western) Ltd., Vancouver

## Warns U.K. 'Living on Loans, Must Increase Export Trade'

LONDON, (CP)—British industries must face the fact that Canada and other dominions are tending toward development of

their own industries and use of their own resources. Viscount Bentall, former Canadian prime minister, said yesterday in a conference on export trade.

"It is easier to live in a foreign paradise, and you can buy a market which you have not," Lord Bentall told the conference, which was attracted by the Federation of British Industries.

The day is coming when the dominions will take care when Britain is prepared to send them, Lord Bentall said.

What they want from Britain, the world would make it items such as butter, cheese, bacon,

Living on Loans

Earlier, Sir Stafford Cripps, president of the board of trade, told the conference that economic requirements have made it essential that exports be increased to match the amount of those of North America to obtain exchange needed.

The United Kingdom was living to a large extent on United States and Canadian imports, Sir Stafford said, and the loans were being spent rapidly. When those resources were gone, Britain would have no more dollars except what Britain could earn with her exports.

Up to now Britain can increase her exports "we shall come a real crop in a year or two," said the controller of 1,000 members of the federation.

Sir Stafford declared that it would be difficult for Britain to achieve an export trade 10 percent above 1938 levels within the next three years.

But Britain can increase her exports "we shall come a real crop in a year or two," said the controller of 1,000 members of the federation.

Officer figures put the number of orphans or putative orphans in Britain at 100,000, but one 14-year-old boy, William Weinherr, Jr., was sold there, creating a gap in trade between Britain and the United States.

He was born in Britain and died in the United States.

Five percent of Britain's imports now come from the United States and Canada, but only 14 percent of the exports go to those countries. Most of the exports are being sold there, creating a gap in trade between Britain and the United States.

One of the main imports exceeds total exports.

Viscount Bentall said the British are a "peculiar country" with new trade problems.

As a Canadian, he said he realized that his country owned the mother country because the U.S. had been unable to have complete control over her own natural resources—resources that were available to the U.S. One of this constitutional grant was one of the compelling motives behind the formation of the Commonwealth of Britain.

Lord Bentall counseled Britain to guard against any tendency to weaken Empire bonds—a tendency which was manifested by those who did not wish to see the resources given by the free gift of the mother country to the dominions developed for "our common good."

### Advise Freedom Furniture Plants

LONDON, (CP)—A "working party" of management and consumer representatives set up by the Labor government to investigate the furniture industry reported free enterprise and competition are needed to keep the industry running at its best.

With certain safeguards to protect the public, the working party should be given free play, the party told Sir Stafford Cripps, president of the board of trade.

Utility furniture, standardized models of small size and moderate cost, should be encouraged until supplies come up to demand, the working party recommended.

After supplies have risen to buy, however, the controls should be removed.

The best way to ensure long-term efficiency in the industry is "to stimulate the individual firms to raise the general ability of management and labor, rather than to hold down costs by negative strictions and controls."

The working party also "should encourage the growth of the small firms which are a significant part of the industry, employing more than 3,600 firms employed less than 10 men."

The tendency in some quarters is to represent them all as being craftsmen producing the finest furniture, but in fact relatively small proportion are in this category and the too many are producing furniture under shocking conditions.

The working party found that small firms are "a main source of black market supplies" and that international wage levels are "set by the cost of living."

### Five to Control British Transport

LONDON, (Reuters)—Five men will control Britain's inland transport system under a nationalization bill now before the commons.

The controlling commission will have power to regulate the import of goods and passengers by rail, road and inland waterways and to fix fares and charges throughout Britain.

It also will take over any services now run by the various transport companies, such as the railways, the numerous hotel managers, bus and coach companies, etc.

The commission will take over Jan. 1, 1948.

Local road hauliers will not be ousted by the state, but after the nationalization deadline they will be required to be permitted to operate only up to 25 miles unless a special permit is granted.

Complaints of unfair undertakings will be paid in "British Transport stock," guaranteed by the state, and compensation will be based on the average market value of current securities in the case of railroads, and on the basis of 100 percent of the value of the assets, plus a special sum paid by the controller of their business.

It is the present value of stock to be issued for state acquisition of the railroads and canal undertakings, which is estimated at \$1,000,000. No official estimate of compensation payable for other undertakings and roads has been made.

A proposed \$412,000 theater in Matlock, Derbyshire, is opposed by 22 council candidates who believe houses should be built first.

EDMONTON JOURNAL—EDMONTON, ALBERTA, NOV. 20, 1946—EDMONTON BULLETIN

## Victims of an Auto-Interurban Train Crash Buried

Six identical caskets of the William Weinherr, Jr., family rest over their graves in a cemetery.

In Decatur, Ill., the bodies of father, mother, three sons and one daughter who were killed in an auto-train collision. A seventh family victim, the grandfather, William, Sr., was buried the day before.

## Advise Discretion In Telling of Past

No domestic topic is so controversial as to whether a married couple should tell each other about their past lives, and about their experiences in their former homes. Present society. Shall a husband and wife "tell everything," as the phrase goes, and let them both be free to express all of their past experiences and emotions as if they were the contents of a show window? Or shall they keep those secrets in their own hearts and throw away the key?

**MEN AND WOMEN** differ greatly in their views on this subject. Women are more inclined than men to talk freely about their past experiences for talking things over, whereas men hold that silence is the best policy.

### Minute Make-Ups

Dry skin calls for a two-point program — softening and stimulation. Softening takes a rich, dry skin cream or the homogenized type. Apply from the chin to the hairline, and then from the hairline on, while you exercise the facial muscles. Glimmer, puff out your cheeks, exercising all of the facial muscles. After five minutes, remove the cream, or, if it is time for bed, lay it on, then turn it over and use the same kind of cream on your hands.

Wife and kind are the couples who do not seek to ease their burdens by making confessions that lay the blame of their sins on their mate's shoulders. Only God Himself can answer the question, "Who is to blame?" Wife should tell each other of their past, and He will not tell until the Judgement Day.

Sulphur, which is also called camphor, has been known to man from remote times.

## Solon E. Low Addresses Meeting

# • Claims Govt. Policies Leading Canada Down Road to Socialism

Centralization policies of the federal government and of their predecessors for many years are today leading Canada down the road to socialism, Solon E. Low, MP, national leader of the Social Credit party said Thursday at a wind-up public meeting in the Masonic Temple marking the end of the party's largest and most successful convention in 12 years.

**THE AUDIENCE** of 250 registrants was augmented by more than 400 other interested persons.

The main centralization of power was planned and the greatest danger to provinces was that they were falling into the category of outgrown municipalities that are required to have their feet to Ottawa "with their cap in hand and beg."

Addressing the financial system Mr. Low charged that the people of Canada were paying \$81,000,000 "at satiation the insatiable maw of corporate capitalism."

**HE SAID IT WOULD** be a revealing thing if the minister of finance would make an investigation to determine the percentage of persons now in possession of the country's bonds.

"One bond, debt government financing has failed on every count," charged the Social Credit leader.

Two out of five considerations voiced as important to Canada by Lord Minto, an eastern speech were first, the character of the people and second the economy.

## Speed Service To Establish Mail Depots

Establishment of two letter carriers, one at 92 street and 111 avenue and another at 107 street and 124 street to expedite the delivery of mail, was announced today by Thomas J. Miller, postmaster director of postal services for Edmonton.

**THE DEPOT** at 93 street and 118 avenue, corner of 118 street, 124, and 107 avenue, is to be a temporary office while the new depot at 107 street and 124 street, shortly after January 1, will be a permanent office.

Edmontonians are the first private citizens in the country to inaugurate the system of having letter carriers work in pairs in the delivery of mail.

Mr. Miller said the plan is to speed up the delivery of mail and to relieve chronic congestion experienced by the existing central post office," said H. W. Gregor, manager of postal service when comment was made.

"It will relieve too much pressure on street cars," said Mr. Gregor.

Edmontonians may also see street cars with other citizens riding to work from outlying districts.

With virtual, if not actual, recognition that the plan was over the

## Thomas White Ends 45 Years of Service

### Retiring Railroader Paid Tribute

Thomas White, district engineer for Canadian National Railways, celebrated his 45th anniversary with a ceremony in the office Friday afternoon. On behalf of the staff of the railway, Mr. White received a bouquet of flowers and spoke briefly, expressing the good wishes of the men on Mr. Nickerson's radio.

A bouquet of flowers was sent by Mr. Nickerson from the radio station.

#### FINED \$300

The minimum fine of \$300 and costs were imposed on a man Monday who was operating before the law. Mr. A. Miller, KC, in city police court Friday morning charged of illegal sale of liquor.

## Three Are Injured In Traffic Mishaps

Three persons were injured in traffic accidents on Edmonton streets Thursday night.

Fifteen-year-old Wayne Ross Diepol, 2509 104 St., was in the hospital, though Miss Marguerite Lambert, 9227A 110 Street, suffered a cut on her hand and two other hands, while Michael Bernhariski, 1292A 126 Street, suffered an injury to his left leg.

**THE DIEDPOL BOY** was struck by a truck driven by Jean Jones, 1825 104 St., at 10:15 p.m. on 110 Street near 121 Street. The lad attempted to dash across the road in front of the vehicle and slipped to the ground, hitting his head. He got his brakes and swerved to the left but the left front wheel passed over the boy and he was taken to the hospital in critical condition.

Miss Lambert was a passenger in an automobile driven by Donald H. Thompson, 1023 104 St. Thompson stated that about 11:15 p.m. he was driving west on Jasper and when between 104 and 105 Street he saw his wife's car stop suddenly on the street car tracks. In trying to get his vehicle out, it lurched and struck the side of the car. His wife was removed to the University Hospital in Jack Hay's ambulance. Two other passengers in the car—Robert Bernhariski, 16, son of Mr. and Mrs. Thomas Walsh, St. Joseph's College were uninjured.

**BENCHKARSKI** was riding his bicycle on 104 Street near 110 Street about 11:32 when he was struck from behind by a truck driven by Melford G. Hills, Legal. The driver said he was blinded with light from an oncoming vehicle and did not see him until he was about 20 feet in front of him. He applied the brakes but the truck continued on the road straight into the cyclist.

Mr. Bernhariski, 12, general manager of the Canadian National Railways hotel as the other party in the conversation, Sgt. A. "Tinny" Lyle, making an investigation, said Elmer Kreller, 21-year-old amateur Hockey Elmer Kreller, probably told folks that the new baby was born at the hospital because his dad is just dandy. C. Stout, talking over the good time at the CNR station, said: "I'm not surprised," he said. "Elmer is a real joker."

**McLAY**, veteran ex-ambassador from Calgary, John Ducey built with an amateur's enthusiasm, according to the artist, showing Stevens' art exploring some airline scenes.

He had to leave the newspapermen and the P.C.A. office, the Macdonald hotel.

## 1,438 Veterans Receive Credits

During the first 25 days of November, \$215,084.20 was paid out in re-establishment credits to 1,438 veterans in the Edmonton district.

To date a total of \$3,360,538 in credits have been paid out in this district.

The amount of credits still on hand is \$3,287,222.50.

**NOVEMBER** marks the last month of the year when the largest amount of credits can be used in the purchase of furniture with a sum of \$112,712.47 having been paid out for this commodity. Ninety-five veterans purchased home furniture in November.

Tax on the purchase of furniture was discontinued in October.

He said Lt. Hon. J. L. Riley, federal minister of finance, expected to balance the budget, and the first

month of the year would be the best month to buy.

One of the applicants, however, in Canada's distribution system, was unable to obtain supplies.

He said, would mean retrenchment, hardbacks and stagnation of trade.

By adopting the Social Credit method of financing the Progressives-Conservatives "might have

one more year to go before the government's return to subsidies." This brief letter was carried in full by the local paper, due to her organization among the starving children of Europe.

## Solon Low Speaks

(Continued from Page 17)  
spread diversion of Canadian industry, Mr. Low said.

**IN ADVOCATING** strong territorial areas Mr. Low characterized the proposed act as "contrary to the laws of God."

He spoke of plans and objectives. The former commandant compilation which he had written was approved, he said.

"The results of achieving the re-funding of Alberta provincial debt has done more than anything else to serve the cause of democracy across the land," said Mr. Low, in paying tribute to Premier Manning and his associates.

He said he was successful in election at Pontiac, Que., in the election of Social Credit member Ray Couperette over a Liberal opponent.

**HE RECALLED** the doubts expressed at last Germany's early summer and subsequent application lifting of the ban by the League meeting Roosevelt and Churchill.

"What that produced was a decision that produced a wave of enthusiasm all over the world," Mr. Low said.

**THE AMERICAN** Charter held out hope to the people of every land, he continued, but where is it now?

He asked why it had not been adopted, and why it had not been heard of since the defeat of Axis powers.

There was no reason in this world, why you should have to go short on sugar today," declared Mr. Low.

He claimed that same policies had been followed in Canada which had weakened the country.

**HE HAD STRONG CRITICISM** of Canada's taxation and said that 50 cents of every dollar was taken in taxes. It was discussed at agricultural production, he noted, asking what had caused the sharp drop in prices.

He said Lt. Hon. J. L. Riley, federal minister of finance, expected to balance the budget, and the first

month of the year would be the best month to buy.

One of the applicants, however, in Canada's distribution system,

was unable to obtain supplies.

He said, would mean retrenchment,

hardbacks and stagnation of trade.

By adopting the Social Credit method of financing the Progressives-Conservatives "might have

one more year to go before the government's return to subsidies."

This brief letter was carried in full by the local paper, due to her organization among the starving children of Europe.

## Beauty Contestants Announced To Select "Queen of Teens" At Dance Saturday Night

Not to be outdone by their coed sisters, members of the three Edmonton-Teen club will hold a beauty competition of their own on Saturday, Nov. 30. Three representatives each from the Central Alberta Teen Clubs will compete in the contest, and five judges sit a chance to be held in the Westgate auditorium, under the sponsorship of the West Edmonton-Teen.

**JUDGES** will be THREE MEMBERS of the YMCA Phalanx Faculty, and two members of the

Edmonton Journal. The contest will follow the pattern of the university "dream girl" competition, and will be open to all young women between 16 and 19 years of age.

The winner of the contest will be awarded the title of Miss Edmonton of 1946, in addition to being presented with a large trophy cup which will be passed on annually and a smaller replica which may be

worn by the contestants.

Those taking part in the contest include Central Teens—Terry Jones, 18; Linda G. Maynard, a 19-year-old blonde attending Victoria high school; Linda G. Maynard, a 19-year-old blonde attending Victoria high school; and Olga Lee, 18.

For South Teens—Audrey Crick, a 17-year-old blonde attending Garneau High school; Tana Traub, an 18-year-old blonde attending Westgate High school; Terry Bowen, 16-year-old blonde attending Westgate High school; and Ray Timmins, 15-year-old blue eyed blonde.

For West Teens—Gerry Bowen, 16-year-old blonde attending Westgate High school; and 17-year-old with green eyes and red hair.

chance in this country," Mr. Low said.

**SLASHING** AT Canada's sugar shortage and the Liberals' policy of "expansion or bust" was re-echoed by the Edmonton committee.

A compound resolution endorsed unanimously on a standing vote by the Edmonton committee in support of the political affiliation to give their full support to the Alberta Bill of Rights Act; and to demand of the provincial legislature to enact similar legislation; and, if necessary, to adopt a bill of rights of its own.

**CANADA'S PRESENT** import and export system was said to be self-sufficient, he thought, especially in sugar, meat and coal. Eastern Canada was 8,000 tons short on sugar, and meat was 1,000 tons short on purchases beyond the borders of Canada. The people of Ontario and Quebec were feeling the effects of the present situation.

One of the applicants, however, in Canada's distribution system, was unable to obtain supplies.

He said, would mean retrenchment, hardbacks and stagnation of trade.

By adopting the Social Credit method of financing the Progressives-Conservatives "might have

one more year to go before the government's return to subsidies."

This brief letter was carried in full by the local paper, due to her organization among the starving children of Europe.

## Driver Is Cleared In Fatal Mishap

No one was attached to Steve Chapman, 21, 104 St. who was the subject of a death which resulted in the death of 71-year-old William Hartness, 9318 104 St. Hartness was killed by a coroner's jury at an inquest in city police court Thursday.

ROBERTSON walked into the side entrance of the police station at the intersection of 97 Street and 110 Street.

Rupash stated that he saw the man standing on the southeast corner of the intersection, and when he drew his gun, he shot him.

The sugar controller at Ottawa forced the Alberta sugar beet producers to increase their production.

There is no reason in this world, why you should have to go short on sugar today," declared Mr. Low.

He claimed that same policies had been followed in Canada which had weakened the country.

**THE AMERICAN** Charter held out hope to the people of every land, he continued, but where is it now?

He asked why it had not been adopted, and why it had not been heard of since the defeat of Axis powers.

There was no reason in this world,

why you should have to go short on sugar today," declared Mr. Low.

He claimed that same policies had been followed in Canada which had weakened the country.

## Refuse to Tighten Labor Party Rein

LONDON, (CP)—The parliamentary Labor party Thursday refused to tighten legislation over members' rate despite sharp criticism by government leaders last week's "revolt" against the administration's foreign policy.

Only two votes were cast in favor of the bill, one from a peer.

Reports on the private meeting of 300 members of the British Labor peers and government leaders indicated that the members who abstained did so because they had no vote of confidence in Foreign Secretary Bevin's policies, were chided for their lack of support and that they follow the party line hereafter.

### Soviet Friendship

LONDON, (AP)—A communistic Premier Dimitrov Thursday presented his new government to the House of Commons with the comment that it was foreign policy based on "more and more complete friendship with the Soviet Union." The government majority spoke.

Dimitrov said he desired "normalization" of relations with Britain and the United States.

**UNIONED IN DEATH**

PARIS, (AP)—Anne Alagoran, under the German occupation was buried yesterday with her son, known daily, Peter Patriotic, and manager of the Radio Patriotic station, which was condemned to death by a purge court Wednesday on charges of intelligence with the enemy.

### Tells Canada Meet Challenge of Arctic

TORONTO, (CP)—Canada—Canada has won to and except the challenge of the Arctic, said Joseph Wilson, formerly of Ottawa and now a geographer at the University of Toronto, in annual convention of Trinity college.

On completion of exercise of Mexican Canadian army march through 3,000 miles of barren lands.

In Arctic, however, there are many military aspects. Canadians could better learn about what was done in the Arctic country.

He looked to a great future in the Arctic for prospecting of minerals and oil.

## Claims Alcoholics Are on Increase

LONDON, (CP)—Rev. George A. Lorti, an alcoholics problem expert on rehabilitation of alcoholics, told the Canadian Temperance Association yesterday the number of alcoholics is increasing among both men and women and the number of alcoholics is steadily lowering.

"In Canada, on a conservative estimate, there are 600,000 chronic drinkers and 150,000 problem drinkers, including 40,000 chronic alcoholics."

"Since legal sale of liquor 'became general' about 12 years ago, sales have increased rapidly for drunkenness and the arrests are probably less than one for each 100 cases of drunkenness."

"Less than two percent of alcoholics were bettered, but this was not as hopeless as it was five years ago before the temperance movement began its action."

"Provincial governments had a responsibility to help. Mr. Lorti said."

"The recent large revenues from liquor and beer should do something to help, but the public and customers are in difficulty . . . Government seeks to deal deliberately with the public health problem who still drink casually, but not excessively."

Hospital treatment for acute cases of alcoholism is being given in 10 hospitals in Canada, but the patients must 'walk' attach a wristband to prevent access to every bottle they

Brazil has put a special tax on merchandise handled at the port of Santos to get funds to improve other Brazilian ports.

## Pythian Sisters Elect Officers

At a recent meeting of the Order of Pythian Sisters held in the Pythian Hall, a large number of initiates were present. Mrs. J. W. Douglas, Melville Hart, Supreme Grandmother, and the Pythian Goddard, grand chief of the Province of Alberta and Saskatchewan, were present. Mrs. H. H. Hart, Mrs. L. Grove, all of Edmonton and Mrs. Don Burke of Garfield Temple, were elected to the office of the officers and delegates start of the Jubilee Temple No. 36 of Gibbons. The elected and installed officers of the new Capitol Temple are as follows:

Past officer, Mrs. Ethel Gladstone; president, Mrs. Dorothy Buston; assistant, Mrs. Agnes Blundickson; pianist, Mrs. Adah Hayes.

### Ask Continue Price Control

TORONTO, Nov. 29.—A resolution asking continuance of price control was adopted Thursday by the Ontario Court of Women after a debate during which Mrs. George T. Cockshut, Brandon, spoke in favour of continued legislation.

The price control was imposed by the government to combat inflationary tendencies, and was intended to enforce regulations guaranteeing fair distribution of available food supplies.

"We cannot depend on private enterprise for distribution," said Mrs. Cockshut.

Mrs. Cockshut objected to the reference to private enterprise, and said the time has come to dissolve the consumers' strike. She said, "You don't want laws to be broken or workable laws?"

## Mrs. Wingfield 83 Years Old

Eighty-three-year-old "Grandma" Wingfield of Fort Saskatchewan, has been a widow for 60 years. During her 60 years in Canada, she lived through the Red Rebellion; was married for one week and has remained a Western Indian who has branched out to working in her home while she is alone.

Born at Liverpool, England, Sept. 21, 1863, the former Miss Alice Wingfield came to Canada in 1888 at the age of five. She attended school here until she was 13 years old and worked as a maid until she was 17 years old, later leaving for Canada and arriving in Quebec in 1890. Soon after her arrival, Mrs. Wingfield left for America where she was employed for one year.

Following her stay in Montreal, she returned to Red River, Manitoba, Que., arriving in Upton at the time the Red Rebellion began. Staying in Upton and the rebellion was over, Mrs. Wingfield moved to Fort Macleod, Alberta, in 1898. The next year, she was married and later two children were born to her. In June 1943, at the age of 83,

Both Mr. and Mrs. Wingfield have been members of the Northern Pioneers and Old Timers Association, since the organization was formed.

**MRS. AND MRS. WINGFIELD** had four children, of which four are living. They are: Mr. H. Bone and W. J. Wingfield, both of Edmonton; Mrs. Tom Hoyt of Fort Saskatchewan, and H. J. Wingfield, deceased.

Remembered tales of the "wild and woolly" Red River days are told to Grandma Wingfield. She recalls the time, when living at Glesk, when she was left alone in the railway station. A band of Indians crept in, making all sorts of signs that could not be understood, so she took a gun and shot them out of the house, they sat on the floor with their tomahawks ready for action, but she was not afraid. She calmly finished and when she was through offered them some tea and biscuits. They were soon left peacefully, trying to lead Grandma Wingfield though they thought she was a good scrub by whistling.

Miss Evans, who comes from Yorkshire, said many mothers-in-law don't approve of women smoking. "They seem to accept it, though much of the cigar-smoking was brought on by husbands," she said.

The woman behind the girls

AT PRESENT, there are 15 students at the Y.W.C.A. World Council Center in the United States.

Women's contributions in the last few years, it is hoped similar work soon will be done in the field of education to restore the educational and cultural standards of the world.

MISS VAN WIJCK, president of the Ottawa Women's Canadian Club, recently made a speech at a luncheon in the Hotel Ottawa. She said, "The first few weeks would have discouraged even the most hardy.

MISS VAN WIJCK, who remained in Ottawa throughout the war, spoke of the many plans laid down in the war to help Canada and the world to win the war.

In charge of the fancy work held by the women's auxiliary of the Y.W.C.A. was Mrs. M. S. Blythe and Mrs. M. S. Sansan; home cooking and candy, Mrs. R. Miller and Mrs. C. E. Miller; and Mrs. L. Sansom; fish ponds, Mrs. J. Coxford and Mrs. M. Jackson. Lunch will be served.

The Technocracy Group Planning Bazaar

Women's Auxiliary of the social committee of the Technocracy will hold its annual bazaar and social evening in the Masonic Temple Monday at 8 p.m. The young people of the group will present a program.

In charge of the fancy work held by the women's auxiliary of the Y.W.C.A. was Mrs. M. S. Blythe and Mrs. M. S. Sansan; home cooking and candy, Mrs. R. Miller and Mrs. C. E. Miller; and Mrs. L. Sansom; fish ponds, Mrs. J. Coxford and Mrs. M. Jackson. Lunch will be served.

## New Citizenship Act Explained to Women

The Citizenship Act, notwithstanding the repeal of the Nationalization Act and the Canadian Nationalist Act, is not to be construed or interpreted as depriving any person, an alien or a subject of the British Empire, or an alien as defined in the Acts or in any other law in force in Canada, of his or her Canadian status he possesses at the time of the coming into force of the Citizenship Act in January 1947.

## Miss Wilkinson Becomes Bride

KINSELY, Nov. 29 - The Unitarian church in Kinsley was the scene of the wedding, Wednesday evening, of Miss J. L. Wilkinson, daughter of Mr. and Mrs. Wm. A. Anderson of Kinsley, and William A. Clegg of Kinsley. The Rev. G. R. Rev. W. Clegg performed the ceremony.

For her wedding, the bride chose a tailored wool turquoise lace frock with contrasting black sequin stripes. At her shoulder, she wore a corsage of pink carnations. William Clegg, brother of the bride, was best man.

After their honeymoon in Edmonton, Calgary and Black Diamond, the couple will take up residence in Viking, where the bride's father is engaged with the Imperial Oil Company.

The minister may grant a certificate of Canadian citizenship to any person who is not a Canadian citizen by birth or descent if he has a choice of keeping his Canadian citizenship. A person born outside of Canada still ceases to be a Canadian citizen after the age of 21 years unless after the expiration of a year he asserts his Canadian citizenship.

This minister may grant a certificate of Canadian citizenship to any person who is not a Canadian citizen by birth or descent if he has a choice of keeping his Canadian citizenship. A person born outside of Canada still ceases to be a Canadian citizen after the age of 21 years unless after the expiration of a year he asserts his Canadian citizenship.

BEFORE THE new act a woman could become a Canadian citizen if she was born in Canada or if she had been a Canadian citizen at the commencement of the act. A person born outside of Canada cannot become a Canadian citizen. A person born outside of Canada still ceases to be a Canadian citizen after the age of 21 years unless after the expiration of a year he asserts his Canadian citizenship.

There will be applications to immigrate upon applicants the responsibilities and privileges of Canadian citizenship. Mr. Ross

and Mrs. W. E. Stewart presided.

## Housing Relief Gets New Twist

SYDNEY, Australia, Nov. 29 (CP) - The first of more than 100 cargo barges which the government has chartered to help relieve the housing shortage in the Sydney harbor town of the \$3,000 floating home is Mrs. Alice Nugent, 85-year-old war widow.

THE LITTLE barge, 100 ft. long, the deck being 10 ft. wide, has a hardware frame and sound-proofed asbestos walls. It is divided into a small living room, kitchen, bathroom, bedroom, sun room and kitchen. Its flat roof serves as a sun deck.

MRS. NUGENT who is alone on the vessel with her 11-year-old daughter, Alice, who is also a widow, when she has shopping to do but the boat-builders hope eventually to expand the service and have a gas station for purchasers of converted barges.

Mrs. Nugent says she is steady and ready to weather whatever is thrown at her. Her floating home is a haven with a variety of scenes when she returns from work.

The only rate Mrs. Nugent has to pay is \$3.00 a year for Maritime Service Board insurance.

Mr. Ross answered questions

and Mrs. W. E. Stewart presided.

### Daughter Helps Iceman Father

PETERBOROUGH, Ont., Nov. 29 (CP) - The ice company owned by White of Bridges north here, who finds toiling 50-pound blocks of ice winter and summer to Peterborough residents as easy as breathing, has a daughter.

She helps her father, Albert White, in business. "In summer we usually start loading ice at 5:30 a.m. and continue until early afternoon," she said. "It is not as enjoyable in winter, but then we don't lose much ice through melting."

Daughter Helps Iceman Father

PETERBOROUGH, Ont., Nov. 29 (CP) - The ice company owned by White of Bridges north here, who finds toiling 50-pound blocks of ice winter and summer to Peterborough residents as easy as breathing, has a daughter.

She helps her father, Albert White, in business. "In summer we usually start loading ice at 5:30 a.m. and continue until early afternoon," she said. "It is not as enjoyable in winter, but then we don't lose much ice through melting."

Main Floor, EATON'S  
SATURDAY, NOVEMBER 30TH  
10:00 a.m.

You are cordially invited

## DRESSES

For "Ladies in Waiting!"

## CANADIAN LEGION CHRISTMAS TREE

## Remember the Service and Ex-Service Men and Women.

Who are in Hospital at Christmastime

There's a special tree set up on EATON'S Main Floor, where you can place your gifts to those men and women who are in hospital at Christmas. So when you're making that last-minute check-up on your shopping list, be sure to write down "A gift to be placed under the tree at EATON'S." The gifts placed here will be taken, sometime prior to Christmas, to the military hospitals to bring cheer to hospitalized veterans on the festive day. These gifts are being distributed by the Canadian Legion Hospital Committee. The entire arrangements are being sponsored by the Canadian Legion, B.E.S.L.

## GIFTS ARE NEEDED

Electric shavers	Zipper billfolds	Photo frames
Gloves	Slippers	Candy
Bright neckties	Lighters	Writing paper
Shaving kits	Pencils	Books
Hankiekerchiefs	Socks	Adult games
Playing cards	Toilet articles	Hazor blades
Sweaters	(great demand)	Pipes and tobacco
Pens		Cigarettes

## Please Remember -

You can make the gift yourself, buy it anywhere you like, but place it under the Christmas tree at EATON'S.

## Note

Please do not put more than one gift in each parcel

.... You will be provided with a card on which you should fill in the contents of the parcel and your name and address. There's also space on the card for the recipient's name and hospital to be filled in by the Canadian Legion.

WISH THE SERVICE AND EX-SERVICE BOYS AND GIRLS A VERY MERRY CHRISTMAS THIS YEAR BY PLACING A GIFT UNDER THE TREE AT EATON'S

## EATON'S for Gifts!

Clubs, Organizations and Sunday Schools . . .

## Are You Planning

## A Christmas Party?

If you are, then let our SHOPPING SERVICE take over. Our staff is prepared to choose your gifts and have them wrapped and tagged for you! Just send us your list of boys and girls by age, and the amount of money you wish to spend. Please order early to ensure good selection.

The Gift Secretary

Second Floor, North
